

Proposed Removal from Office and Recall (Members of the Scottish Parliament) Bill

Introduction

A proposal for a Bill to introduce new measures on removing an MSP from office, including additional grounds for removal and new processes for removal, such as recall. Proposed new grounds for removal include where an MSP does not participate in parliamentary proceedings for a given period without valid reason or receives a prison sentence lower than the current threshold for automatic removal.

The consultation runs from 20 January 2022 to 13 April 2022.

All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document.

Questions marked with an asterisk (*) require an answer.

All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response.

Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded.

Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here:

Q1. Which of the following best expresses your view of the proposed Bill?

Fully supportive

Please explain the reasons for your response.

It's long overdue.

Q2. Do you think legislation is required, or are there other ways in which the proposed Bill's aims could be achieved more effectively? Please explain the reasons for your response.

Must be fully implemented and any breach of ministerial code, criminality, behaviours not becoming whilst in public office, or not attending and fulfilling associate duties must be met with expulsion and removal from office.

Q3. What is your view on the proposal to remove MSPs from office if they do not participate sufficiently in parliamentary proceedings?

Fully supportive

Please explain the reasons for your response. Please include your views on: what constitutes sufficient participation, how the process for removing an MSP from office should work in practice where they are not sufficiently active for a period of, for example, six months (see detail of consultation document under element one of the proposal for background on this question).
It would happen in all other walks of life.

Q4. What is your view on the proposal that receiving a prison sentence of a year or less is an appropriate trigger for an MSP to be automatically removed from office?

Fully supportive

Please explain the reasons for your response, including detailing how long you consider a minimum prison sentence should be to trigger the automatic removal.
Must be beyond approach regarding appropriate behaviours, breaking the laws of the land resulting in criminal conviction demonstrates lack of character and leadership qualities required for role.

Q5. What is your view on the proposal that an individual who is removed as an MSP under these proposals, either through insufficient participation or being sentenced to a particular period in prison, should be unable to stand as an MSP again for the rest of the relevant parliamentary session?

Fully supportive

Please explain the reasons for your response.
Shouldn't be allowed to ever stand again.

Q6. What is your view on the proposal to introduce a system of recall for MSPs? Recall is where the electorate in an area can trigger a special election to remove an elected representative before the end of their term if certain conditions are met

Fully supportive

Please explain the reasons for your response, including how you would envisage such a system working in practice, for members elected under the regional list system and for constituency members elected under the first past the post system.
Should be automatic if MP decides to change party or decides to sit as independent

Q7. What is your view on the proposal that, where an MSP has been given a prison sentence, they should only be removed from office once any appeal process they pursue has concluded?

Fully opposed

Please explain the reasons for your response, including commenting on the alternative option where an MSP given a prison sentence would be removed from office as soon as they are sentenced, as opposed to awaiting the completion of an appeals process.

They may be reinstated if they win an appeal, the access to salary and perks of role should be removed until appeal is won and legal system exhausted.

Financial Implications

Q8. Taking into account all those likely to be affected (including public sector bodies, businesses and individuals etc), is the proposed Bill likely to lead to:

some increase in costs

Please indicate where you would expect the impact identified to fall (including public sector bodies, businesses and individuals etc). You may also wish to suggest ways in which the aims of the Bill could be delivered more cost-effectively.

There may be some extra cost if removal involves legal system and additional costs to rerun elections. So be it, doing the right thing out weighing any cost increase.

Equalities

Q9. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected characteristics (under the Equality Act 2010): age, disability, gender re-assignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, sexual orientation?

Neutral (neither positive nor negative)

Sustainability

Q10. In terms of assessing the proposed Bill's potential impact on sustainable development, you may wish to consider how it relates to the following principles:

- living within environmental limits
- ensuring a strong, healthy and just society
- achieving a sustainable economy
- promoting effective, participative systems of governance
- ensuring policy is developed on the basis of strong scientific evidence.

With these principles in mind, do you consider that the Bill can be delivered sustainably?
