

Proposed Removal from Office and Recall (Members of the Scottish Parliament) Bill

Introduction

A proposal for a Bill to introduce new measures on removing an MSP from office, including additional grounds for removal and new processes for removal, such as recall. Proposed new grounds for removal include where an MSP does not participate in parliamentary proceedings for a given period without valid reason or receives a prison sentence lower than the current threshold for automatic removal.

The consultation runs from 20 January 2022 to 13 April 2022.

All those wishing to respond to the consultation are strongly encouraged to enter their responses electronically through this survey. This makes collation of responses much simpler and quicker. However, the option also exists of sending in a separate response (in hard copy or by other electronic means such as e-mail), and details of how to do so are included in the member's consultation document.

Questions marked with an asterisk (*) require an answer.

All responses must include a name and contact details. Names will only be published if you give us permission, and contact details are never published – but we may use them to contact you if there is a query about your response. If you do not include a name and/or contact details, we may have to disregard your response.

Please note that you must complete the survey in order for your response to be accepted. If you don't wish to complete the survey in a single session, you can choose "Save and Continue later" at any point. Whilst you have the option to skip particular questions, you must continue to the end of the survey and press "Submit" to have your response fully recorded.

Please ensure you have read the consultation document before responding to any of the questions that follow. In particular, you should read the information contained in the document about how your response will be handled. The consultation document is available here:

Q1. Which of the following best expresses your view of the proposed Bill?

Fully supportive

Q1. Which of the following best expresses your view of the proposed Bill?

Please explain the reasons for your response.

When being paid to do a job, and when that job is representing the general public, honesty and accountability are paramount

Q2. Do you think legislation is required, or are there other ways in which the proposed Bill's aims could be achieved more effectively? Please explain the reasons for your response.

New legislation is required to make it easier and remove loopholes

Q3. What is your view on the proposal to remove MSPs from office if they do not participate sufficiently in parliamentary proceedings?

Fully supportive

Please explain the reasons for your response. Please include your views on: what constitutes sufficient participation, how the process for removing an MSP from office should work in practice where they are not sufficiently active for a period of, for example, six months (see detail of consultation document under element one of the proposal for background on this question).
They are extremely well paid to do the job, if they are not doing it, remove them and replace with someone who will

Q4. What is your view on the proposal that receiving a prison sentence of a year or less is an appropriate trigger for an MSP to be automatically removed from office?

Fully supportive

Please explain the reasons for your response, including detailing how long you consider a minimum prison sentence should be to trigger the automatic removal.
An ordinary working person would lose their employment, why should an elected member of the civil service be treated any differently

Q5. What is your view on the proposal that an individual who is removed as an MSP under these proposals, either through insufficient participation or being sentenced to a particular period in prison, should be unable to stand as an MSP again for the rest of the relevant parliamentary session?

Fully supportive

Please explain the reasons for your response.

If they have proven themselves to be unreliable or guilty of a crime, they need time to reflect on what led them to this place, and make what ever changes need to be made to ensure that this would never happen a 2nd time. They are paid for by the general public, we need confidence they are up to the job

Q6. What is your view on the proposal to introduce a system of recall for MSPs? Recall is where the electorate in an area can trigger a special election to remove an elected representative before the end of their term if certain conditions are met

Fully supportive

Please explain the reasons for your response, including how you would envisage such a system working in practice, for members elected under the regional list system and for constituency members elected under the first past the post system.

Too many MSP's treat the tax payer (in effect their employer) with contempt and think themselves are above the law like mere mortals

Q7. What is your view on the proposal that, where an MSP has been given a prison sentence, they should only be removed from office once any appeal process they pursue has concluded?

Partially supportive

Please explain the reasons for your response, including commenting on the alternative option where an MSP given a prison sentence would be removed from office as soon as they are sentenced, as opposed to awaiting the completion of an appeals process.

It would depend on the criminal offence

Financial Implications

Q8. Taking into account all those likely to be affected (including public sector bodies, businesses and individuals etc), is the proposed Bill likely to lead to:

some reduction in costs

Please indicate where you would expect the impact identified to fall (including public sector bodies, businesses and individuals etc). You may also wish to suggest ways in which the aims of the Bill could be delivered more cost-effectively.

We would not be paying someone to do a job who cannot be bothered to turn up or who is currently unable to perform their job due to being incarcerated

Equalities

Q9. What overall impact is the proposed Bill likely to have on equality, taking account of the following protected characteristics (under the Equality Act 2010): age, disability, gender re-assignment, marriage and civil partnership, pregnancy and maternity, race, religion or belief, sex, sexual orientation?

Negative

Sustainability

Q10. In terms of assessing the proposed Bill's potential impact on sustainable development, you may wish to consider how it relates to the following principles:

- living within environmental limits
- ensuring a strong, healthy and just society
- achieving a sustainable economy
- promoting effective, participative systems of governance
- ensuring policy is developed on the basis of strong scientific evidence.

With these principles in mind, do you consider that the Bill can be delivered sustainably?

Yes

General

Q11. Do you have any other additional comments or suggestions on the proposed Bill (which have not already been covered in any of your responses to earlier questions)?

No Response
